Daily Lane Closures for a Resurfacing Project on Talcott Road

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daily lane closures will take place on Talcott Road between Harlem Avenue (Illinois 43) and Bryn Mawr Avenue and Talcott Road between Gregory Street and Higgins Avenue, in Chicago, beginning, weather permitting, Monday, August 15. The closures are necessary for a resurfacing project along Talcott Road.

In order to complete the work, lane closures will take place on Talcott Road between Harlem Avenue (Illinois 43) and Bryn Mawr Avenue and Talcott Road between Gregory Street and Higgins Avenue during the day when construction activities are taking place.

The scope of the project includes resurfacing, ADA pedestrian ramp construction, curb and gutter replacement, and drainage improvements. It is scheduled to be completed in Fall 2016.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
